

Enough Liquor Stored to Last About 6 Years

By R. K. CARNEGIE

OTTAWA, May 22.—(CP)—Sufficient liquor is being stored in Canada to supply the domestic market at the present rate of consumption for 15, and possibly six years and consequently there is no danger of a shortage, the Canadian Press was informed today.

Canadian distillers since Nov. 1 last have been concentrating entirely on the production of industrial alcohol and are building up to great surplus that containing surplus alcohol tanks to contain it has become a problem.

STORAGE SHORT

Munitions Minister Howe told the Canadian Press that so far sufficient tanks had been available but he declined to specify how long that situation would continue. The storage space was getting short.

"The plant being built to produce ethanol, which will require great quantities of alcohol, has not come along as fast as we had expected," the minister said. "That is why we are having difficulty getting enough ethanol for the surplus alcohol."

The plant is being set up at Sarnia, Ontario, and will produce 100,000 gallons of ethanol a day.

The United States also is having difficulty storing all the alcohol which the distillers have been producing for industrial purposes. Reports dispatched from Washington said there was a revival of talk to allow distilleries in that country, which formerly produced surplus liquor, again to use part of their output for that purpose and build up their stocks to bond.

MY FOLLOW UP

Discussing these reports Mr. Howe said the situation was somewhat different in this country.

"They are getting short of liquor in the United States while we have ample here," he said. "However, we are watching what the United States does and might do, for example. But we will not move until they do."

Fishermen Risked Lives to Rescue Warship Survivors

ST. JOHN'S, Nfld., May 22.—(CP)

Fishermen residents of Jonesboro Peninsula on Newfoundland's rugged south coast risked their lives to rescue 168 survivors of the United States destroyer, *Truxtun*, which was sunk by a German submarine on Feb. 22, 1942.

The U.S. navy department announced that 159 officers and crewmen of the two vessels were lost in the rounding up that smashed the ship and sank within a few minutes.

Residents of the little fishing village of St. Lawrence made way to the cliffs over the rocky coast where the ship was wrecked, and lowered volunteers to a ledge 200 feet below.

Illegal Purchase Of U.S. Cigarettes Brings \$75 Fine

WINNIPEG, May 22.—(CP)—Nick

Zade of Winnipeg was fined \$75 and sentenced to 30 days in jail for purchasing 100 U.S. cigarettes yesterday for having United States cigarettes in his possession. Magistrate Campbell ruled that American cigarettes are entitled to have cigarettes manufactured in the United States. Zade's possession, but could not legally sell or dispose of them to civilians.

Royal Canadian Mounted Police told the court they found several boxes of American cigarettes in Zade's home.

Zade told the court he purchased the cigarettes from an American soldier at prices ranging from \$1 to \$1.50 a carton. He said he formally offered for military use only, with telephone calls from Washington yesterday.

The crew that constructed it already was pushing northward along the Fairbanks, Alaska, 600 additional miles, they expect to reach the North Pole in 1944. It is completed in Fairbanks, it is about 200 miles from the North Pole.

SAID "IN TO STAY"

Some engineers shake their heads when they think of this line passing through limitless waste of snow and ice impossible to patrol, but hardy pioneers say "she's in to stay."

When completed to Fairbanks, the Alaskan Highway will be a 1,000-mile road, the longest in the world. It will be a 1,000-mile road, the longest in the world. It will be a 1,000-mile road, the longest in the world.

\$672,600 Old Hospital Accounts Are "Written Off"

Royal Alexandra Board Accepts Recommendation To Eliminate 'Bad Debts'

Recommendation that patients' accounts at the Royal Alexandra Hospital be written off against the hospital for bad debts monthly as they are found to be uncollectable was passed by the hospital board at a meeting held Friday night. George Campbell, chairman, presided at the meeting.

In Eastern Canada

The recommendation was one of four submitted by a committee of three appointed in February, 1942 to consider and study with the superintendent and the secretary-treasurer an audit of the special report on the matter. Members of the committee were V. A. Porter, Aid. E. J. Mitchell and M. Harrison, who were replaced by John Dower following his resignation.

Since its appointment the committee has held 20 meetings during which time it has accumulated 10,000 individual accounts totalling approximately \$672,600, and authorized their write-off.

COVERS LONG PERIOD
The committee pointed out that both the number of accounts and the amount of book assets in accounts receivable might seem large but that it should be remembered that this is the accumulation of many years and that there are many thousands more accounts that should receive similar treatment.

All accounts written off were listed in the hospital's index of accounts that on the recommendation of any patient whose previous account has been written off the admitting officer is immediately aware of the amount of the debt and the page on which the debt appears in the ledger.

It was pointed out by the committee that "written off" in no way cancels the liability of the debt but simply results in the account being removed from active ledger, the statement of assets and active collection files.

Further clause in the recommendations was that a small standing committee be appointed to examine accounts submitted by the superintendent or secretary-treasurer after approval of the audit with authority from the board to continue on Page Sixteen

Passes Cigars

Passing out cigars Saturday was Hon. Solon E. Low, provincial treasurer. Friday night the treasurer brought him an eight and one-half pound bag of cigars. "Mrs. Low and the baby are doing fine," Mr. Low said Saturday morning. "While the father is doing as well as can be expected." It is the seventh time Mr. Stork has lighted on Mr. Low's doorstep. There are three boys and four girls in his family.

City Is Ready To Celebrate Empire Holiday

The "Twenty-fourth of May the Queen's birthday" and now generally known as Empire Day, will be observed right royally by Edmontonians, for it will be the first real outdoor holiday of the season.

Provincial government offices, city offices, schools and department stores will close for the day. Giving their staffs the benefit of the holiday atmosphere. Dominion government offices, however, will remain open, in keeping with the order regarding holidays during wartime.

Tennis, golf, swimming, baseball are just a few of the outdoor sports that will rule as orders of the day. Gyro playgrounds will open to capacity crowds of children, and many people will be off to local lakes for a well-earned rest.

SPORTS POPULAR
At these resorts, swimming and boating are the popular sports. Of the more enthusiastic will be seen repairing weather damage to cottage or watercraft, and some will be putting in Victory gardens. Victory gardens in Edmonton will receive the full attention of those who stay around home for the May 24 regarded as seeding time, with most frost-free days past.

One participant rumored ready to celebrate the outdoor holiday to the fullest extent is "Coles" pipers, known as "The Beavers" of the city.

They are armed to the teeth with their superstitious, has been having a high time of it in the vicinity of the city hall, and a real outdoor holiday would rate as a high spot in his life.

However, loads of lotions, smudges, lively swimmers, and plain, vigorous swimmers will be taking their revenge on Mr. Mosquito.

It is thought that many a tiny bug to spoil Empire Day under general. The summer the better, say—who care about the mosquitoes, they hope?

A woman was rushed to hospital after being injured in an auto accident at 8 p.m. Friday, and the driver of a truck was arrested on a charge of dangerous driving. An auto accident, Saturday night, was only slightly injured as his car was completely wrecked.

Injured in the Royal Alexandra hospital, where she was taken by a Smith ambulance, is Mrs. Norman Reid, 1081 13th street. In company with her husband, she was riding north on 108 street. Their car was hit by a truck at the intersection of 108 street when they saw a station wagon coming from the south and Hawkins, U.S.D., and driven by Harry Van Buskirk, 1143 96 street, which was heading north.

Reid could not estimate the speed of the latter vehicle, but thought he had time to cross the intersection as the two vehicles met, the impact pushed the car onto the boulevard, spinning it around until it faced the opposite direction, and forcing a car body out on the road. The truck, Reid, sitting beside her husband in the front seat, across the boulevard.

DRIVING WEST
Van Buskirk told police he was operating the truck between 30 and 40 miles an hour, and was on 108 avenue. At the intersection, the other vehicle appeared suddenly in front of him, and though he applied his brakes he couldn't stop. The truck was heading south, and he was heading north.

Van Buskirk was arrested, and the truck was towed to the city garage. The truck was a 1942 model, and was completely demolished, when the vehicle was caught between the steel centre post and a tree at 108 street and Jasper avenue shortly after midnight.

MAN KILLED
William D. Milton, an old age pensioner, was killed by a C.N.R. freight car at a mine near Mercaul, 10 p.m. Friday, according to R.C.M.P. headquarters in Edmonton. An inquest will not likely be held, it was stated.

Damage to the street car included a torn-off chassis, a broken axle and a window cracked. The wrecked auto was hauled to the Civic stock parking ground.

Man Is Killed
William D. Milton, an old age pensioner, was killed by a C.N.R. freight car at a mine near Mercaul, 10 p.m. Friday, according to R.C.M.P. headquarters in Edmonton. An inquest will not likely be held, it was stated.

Through the buildings, a "Retreat" ceremony will be taken at 8 p.m. The mayor of Wetaskiwin will speak briefly at a concert to be held in the drill hall at 8 p.m. Friday.

A flaming mattress was thrown outside before city firemen had arrived at the home of S. W. Pender, 1800 107 street, about 7:30 p.m. Friday. The cries of his six-year-old son had attracted his attention and when he went to the room where the child had been sleeping he found the mattress aflame. Slight damage was done to the wall.

While city firemen were responding to a call at 115 avenue and 93 street Friday evening, a fire reported to be started by a six-year-old son had started the last started one more grass fire. Captain A. Campbell, of the H.A. No. 5, urged police Saturday morning to caution the lad and his parents about the matter. The attention of the latter, department was promised.

Many livestock donations have been received for the Milk-for-Britain fund auction, to be held Friday in the market square. One donation was a purebred Hereford bull, given by L. O. R. R. 2, South Edmonton. Two Red Polled cows were donated by W. G. Babcock, Volmer, a yearling Holstein heifer by J. O. Smith, North Edmonton, and a 200-pound pig by J. Jasper, Onaway. Other donations include poultry from two schoolchildren of Saskatoon, Theodore and Corinne Holt; 200 baby chicks, a number of ducks, a pair of calf, meat, garden tools, first-aid kits, biscuits in cartons, roofing material, silverware and a 200-pound pig. Anyone wishing to make donations to the auction, which is under the sponsorship of the Kinsmen's Club, is asked to notify a club member or any city councillor.

After receiving a cup at Birmingham, Eng. for efficiency as a Home Guard dispatch rider, William Fenn, 21, was killed when his bicycle was struck by a car.

Farm Youth Dies After Accident
George Torpe, 17 years old, of Metkew, died Thursday night from injuries received the previous day while operating a tiller on his father's farm.

Apparently the youth, who had been driving eight hours attached to the tiller, had fallen off the machine, which passed over his body injuring him. He was rushed to Provoost hospital where he died about 9:30 p.m. Thursday.

Each morning at the parks, the flag will be raised.

Four supervisors have been appointed to the parks. They are: Mrs. Gordon Garfield, Mrs. James Fowler, Miss Alta Smith, and Mrs. Ward. Each has received special training in youth work.

Lt.-Governor J. C. Bowen Opens New War Savings Stamp Bar Here

AT A COLORFUL ceremony performed at the corner of 101 street and Jasper avenue, before a crowd of several hundred people Friday evening, His Honor Lieutenant-Governor J. C. Bowen officially opened the War Savings Stamp Bar which is to become a landmark in Edmonton for the duration of the war. The attractive red, white and blue booth which has been built through the co-operation of several War Finance Committee branches, is open for the sale of stamps from 11 a.m. until 11 p.m. every week day.

In the spacious walls of their summer uniforms, men of H.V.C. Nonchus, R.C.N.V.R. barracks here, formed a band of honor for the opening occasion and music was provided by the No. 4 I.T.S. band.

"It is the saving of small sums of money which amounts to so much," His Honor began, "and by the guarantee of the Canadian government such money will be secure so that in three times when we are earning money we can put it aside for the time when money will be scarce."

"There is something altruistic about buying war stamps," he went on, "for the person who is willing to save and sacrifice some of the comforts of everyday life for the sake of the nation, is doing something for the sake of others. The buying of war stamps in addition to the compulsory taxation and the voluntary loans is an expression of patriotism, and it shows that we are proud of our citizenship."

MAYOR SPEAKS

His Worship Mayor J. W. Fry called upon Edmonton citizens to back the attack in this way so that Edmonton will again be the force in patriotic matters.

Mr. Stanley Ross presented Mrs. J. C. Bowen and Aik. Mrs. J. A. Clarke with gay war savings stamp books which members of the Edmonton Municipal Chapter, I.O.D.E. are making. These attractive covers are made of red, white and blue paper with the stamps in tiny cellophane wrappers so that they can be detached and placed in the certificate folders.

Chairman for the opening ceremony was H. E. Craig.

The honor of buying the first war stamp went to seven-year-old Marilyn Goodland, whose father, F.O.T. Goodland, is overseas. Mrs. Bowen sold the first stamp.

BOOTH OPENS

Following lowering of the flag, members of the Edmonton Women's Committee of the Navy League of Canada opened the booth and during the two hours that their supplies lasted they sold \$60 worth of the stamps and \$41 worth of oranges.

Seated on the platform during the ceremony were His Honor Lt. Gov. J. C. Bowen and Mrs. Bowen, His Worship Mayor J. W. Fry, Aik. Mrs. J. A. Clarke, Mrs. W. Stanley Ross, general convener of the War Savings Stamp Committee; Mrs. John McArthur, hon. secretary; Mrs. D. Yanda, press convener; Mrs. E. Wershol, secretary; and club.

Edmonton Pair Pledge Vows At All Saints' Cathedral

TO GRADUATE

All Saints Cathedral was the scene of a pretty wedding Saturday morning at 11 o'clock when Nellie Elmer, daughter of Mr. and Mrs. J. Elmer, and Miss J. Elmer, daughter of Mr. and Mrs. J. Elmer, were united in marriage by Rev. J. Elmer.

Given in marriage by her brother, Jack Craig, the bride wore a slipper-length gown of white tulle with bishop sleeves, a small tailored jacket fastened down the front with tiny covered buttons. She wore a full length veil, caught to her head with a wreath of lime white flowers, and carried a bouquet of lily of the valley.

Miss Winifred Parry of Edmonton attended the bride, wearing a pale blue floor length dress fastened with a fitted bodice of lace and a full skirt of tulle. Her small hat was of matching blue and she carried a bouquet of pink carnations.

Best man was John Dinwiddie, brother of the bridegroom. After the ceremony a reception to 30 guests was held at the Coronado Hotel.
